

PATRON SPONSORSHIP PROGRAM

Established in 1971, the National Organization of Minority Architects (NOMA) is a professional organization founded to foster support, promote design excellence, and strive for equitable project access for minority architects within the architectural profession.

NOMA's mission is to champion diversity within the design professions by promoting the excellence, community engagement, and professional development of its members.

In support of this mission, NOMA hosts informational, educational and networking programs and provide access to information on design trends, industry-related topics and employment opportunities. For more information about the organization, please visit our website at <http://www.noma.net>.

You are invited to become a "**NOMA Patron**", under one of the five sponsorship categories. Details of each sponsorship level are provided. As a Patron, you commit to supporting NOMA in furthering its mission and initiatives by:

- Building and supporting the network of African-American and minority architecture students and interns within the profession and increasing the numbers of licensed minority architects.
- Being recognized as the leading source of talented African American and under represented minority professionals for job, business, and teaming opportunities.
- Improving the organization's capacity to meet member needs and fund paid staff to execute programs.

We need your support to help us continue to strengthen our commitment to meeting our goals and fulfilling our vision. Please review the patron benefits and if you have any questions, you can reach us for more information at programs@noma.net or by voice mail at
